Synopsis

#1 BEST SELLER!!!! They say that 80% of agents won't make it. Most agents fail before they have made it to their two-year anniversary. Of those that do make it through those first two years, many are making so little that their income hardly raises them above the poverty line, let alone provides the financial freedom they are searching for. Understand this: If you are a Real Estate Agent, you are a business owner. You may be a business of one, but you are running a business, not working in a sales career. Sales is definitely a part of it, and we even will go over one of the most important aspects of sales in this book, Sales Scripting, however, it is important as a business owner to figure out what you need to do to revamp your business to provide the success you are looking for. This book will walk you through revamping your business. We will walk you through the practices that we have found will have the biggest impact on your business such as setting goals and creating a plan, going over the best online and offline marketing strategies, lead generation and lead conversion, helping you become the expert in your area by developing a platform, review what you should start doing, stop doing and what to delegate. The authors have time and again taken brand new agents to a level of success many veterans are envious of, as well as taken top producers to superstar status. What a great book! Not only is a quick and easy read..it's loaded with very useful nuggets of info that can take your business to the next level! Whether your brand new to the business or a seasoned veteran. This book is loaded with fresh ideas to help your business explode!

Very good book takes you back to basics, I needed that to start over again. It helped me get going again. I recommend you read it over even if your doing well, its good to review no matter where you are in your business.

Have you ever thought you just can't find what's going wrong with your real estate business? This was a nice read and full of great tips!Agent Revamp: How to Break Out of Your Real Estate Slump and Explode Your Income!

This book is new and a great help to all agents! Read it now!!

I would have given this book five stars but the bonus content link doesn't work. I know they said that all updated content would be available through the link. I tried several times nothing. Outside of that the book has a lot of great content.

I needed to be introduced to new marketing and this book gave me those little adjustments to incorporate into a plan.

Not a huge investment... New agents will benefit. The agent who implements an idea or two from this book will definite have a positive ROI.Experienced, successful agents may be insulted by the simplicity of the content. Bear in mind, though, simple is not always easy.

Great, informative book with specific steps to set goals and plan a successful future in Real Estate.
