Walt Disney's Alice In Wonderland: An Illustrated Journey Through Time (Disney Editions Deluxe)

Synopsis

Nearly 60 years after Lewis Carroll's literal masterpiece *Alice's Adventures in Wonderland* was first published, a new filmmaker named Walt Disney created a silent film about a little girl named Alice and her adventures in Cartoonland. The pilot launched a 56-episode series and led Disney down a rabbit hole to form a company that would go on to become synonymous with fairy tales-including making further versions of the Alice story with the beloved 1951 animated film, the more-recent live-action versions, and several iconic Disney Park experiences. *Walt Disney's Alice in Wonderland: An Illustrated History* delves behind-the-scenes of those whimsical worlds.

A former editor of *Empire* magazine, his other books include *Writers on Comics Scriptwriting* and *Artists on Comics Art*.

Beautifully realized book. It covers just about everything "Alice" that Disney ever did from film to theme parks. Stunning photos.

Love think book!!!

Excellent book ! My daughter will love it!

"Alice in Wonderland" was the first Disney animated feature I saw as a child so I'm especially sentimental about the film and fond of the interpretation. Highly recommended for all "Alice" and Disney animation fans. This contains material not available in other Disney-related publications. It should have been issued in hardcover but at least has quality paper, printing, and a sewn binding. Highly recommended.

Wonderful book to add to your Alice collection. Great photos and fun facts. Includes info of the Alice books, Disney parks, and movies including the upcoming through the looking glass.

Very nice and beautiful book. Many anecdotes and interesting pictures. All you need to know, if you're a real Alice in wonderland fan.

This is a lovely book. A must for any Alice in Wonderland fan. The book provides interesting facts about Disney's Alice in Wonderland from the original cartoon movie to the live action movies. As another commentary mentioned, it would have been nice if it was in hard bound, but the quality of the pages are very nice.
