Marisa Berenson: A Life In Pictures

Synopsis

A captivating selection of images by the world's leading photographers celebrating one of the most recognized faces in fashion and film. Dubbed an "It Girl" by Yves Saint Laurent in the early 1970s, Marisa Berenson is the original modern muse-inspiring fashion designers, photographers, stylists, and fashion editors for over thirty years. Born of noble lineage-and the granddaughter of the famed fashion designer Elsa Schiaparelli-Berenson's meteoric rise began formally at age sixteen, leading to numerous covers and editorials in Vogue, Harper's Bazaar, and countless other high-end fashion and society magazines. Her timeless beauty and chameleonlike talent for transformation soon led to her entry into film, where she landed leading roles in the period films *Cabaret*, *Death in Venice*, and Stanley Kubrick's lavish production of *Barry Lyndon*. This captivating collection of fashion editorials, magazine covers, film stills, and candid photos were captured by the leading photographers and filmmakers of the day, including Richard Avedon, Irving Penn, David Bailey, Hiro, Helmut Newton, Henry Clarke, Norman Parkinson, Robert Mapplethorpe, and Steven Meisel, among many others. This lavish yet intimate volume details a visual biography of Berenson, and demonstrates the lasting resilience that continues to make her an enthralling and legendary visage.

"Her autobiography came out in 2010, and now we have a new book that perhaps traces

Berenson's life even more clearly: *Marisa Berenson: A Life in Pictures* brings together

more than 300 shots featuring the model. It's an exploration not only of her fantastic career, but also of the history of fashion, art and cinema." ~Vogue Italy "Her incredible, precocious, fabulous life will see all new life this October in a book from Rizzoli, complete with an introduction by Hamish Bowles, a conversation with Diane von Furstenberg, and guest-edited by Steven Meisel." ~Hint Magazine "Marisa Berenson: A Life in Pictures" is a lavish and deeply personal visual biography that reveals the life of an extraordinary woman who has been at the center of society, fashion, film, and contemporary culture for decades." ~Fashionwindows.com

Hamish Bowles is the European editor at large for American Vogue. He is the author of numerous books, including Balenciaga: Spanish Master. Diane von Furstenberg is a legendary fashion designer and "It Girl" in her own right.

LOVE.LOVE this book great picture!

i'm not sure which is more shocking, the half a dozen photos of her topless or the two of her exhusband Richard Golub but it's very large and chock full of one of the legendary beauties of all time. It's really impossible to take a bad picture of her and his book proves that. There are nice "as told to"s Vogue's Hamish Bowles and designer DVF that are some of the most revealing portions in the book. There are relatively few photos of her late twin sister Berry who died in 9/11 and nothing is said about her but as Marisa recently said "there are no words." But as for the pictures, they're quite revealing, who knew Diana Vreeland was married? She could have stayed out of the spotlight but i'm glad she didn't.

A beautiful book! I purchased this book for my daughter on her birthday. I named her after Marisa Berenson. I loved the name and Ms Berenson is a woman of substance.

Very beautiful, thorough, and provocative look at this most iconic fashion influence. Great book!

It is a pkeasure to look at such beautiful pictures! One can not get egnough of it! It would be nice to see more just private pictures of Marisas parents and family...

wonderfuuly photgrahed with atmosheric ethers. A Joy!!! A valued treasure for the library to keep, enjoy, and to re=discover when the mood strikes.

I returned this book. as I did not order it.

The title makes sense when you turn the pages. The best Photographers you've seen in your life. And the presence of a Star, in the original meaning.
