Customer Reviews

I bought this book for a student, but I wouldn't recommend it to anyone after reading. It's a good idea to write a book on ITP test for international students. However, the author present poor TOEFL[®] ITP tip and compiles little content in the book, which is much much easier than the authentic ITP test. The book has only 200 around pages with large font and wide line spacing. What's more, each page contains few questions, and the author would list the questions again on the answer sheet. See the picture? Is it kind of wasting paper. As if the author is making a fool of international students who need to take ITP test. I give 3 stars. Wish the author would contribute more to the readers later instead of presenting such a disappointing book.

This book is GREAT! Before studying this book my TOEFL score was 465 and I wanted 500. Now

my TOEFL score is 553. I am SOOOO HAPPY. This book has three sections, listening, grammar, and reading. I like the big font of the book, so my eyes are more comfortable. I also like that the questions are mixed with the answer, very easy to understand. I think this book is not practice book, but it is a study book. I recommend this book for anyone wants to have high score in TOEFL.
