Unseen Realities: Heaven, Hell, Angels And Demons

Synopsis

The concept of the invisible spiritual realm is something which is difficult for us to grasp. What we can see, hear, and feel we can take on face value that it is reality. But what about those things that are unseen? Scripture speaks about heaven, hell, angels and demons which are a part of this invisible spiritual realm. Internationally renowned Bible teacher R. C. Sproul helps us gain an understanding of these things so that we can come to a realisation that in fact all four are true realities that impact upon our everyday lives.

Customer Reviews

"I believe that if we are to be consistent Christians, believing all of the Bible rather than portions of it, we must recognize that the supernatural places and beings described on its pages are real. There is an uncompromised supernaturalism at the heart of the Christian worldview, and we must not let the world's scepticism with regard to these things affect our belief systems. We must trust and affirm that there is much more to reality than meets the eye." (R.C. Sproul ~ Founder & Chairman of Ligonier Ministries, Orlando, Florida)

Heaven, Hell, Angels and Demons

This is a series of lectures by RC Sproul that deals with the supernatural according to scripture. With personal illustrations and application of the scripture it is an easy read. It does lack broader depth but its purpose is to introduce the topic, and from that perspective, it does a very good job.

This book is short (approx 157 pgs), definitely not an extensive study on the topic. However, the content is precise and Biblical so you can be confident that what you are reading is accurate. The author does not venture off into fanciful unfounded speculation as so many authors tend to do on this topic. He is honest about what his "opinions" are and what he simply does not know. But that does not mean the book is lacking. It is simply full of truth which is very refreshing! Highly recommend!

This is a beautifully written book, well worth reading!

Very good!

As usual, R.C. Sproul writes another good book.

This book was very helpful in my classroom. I used it to supplement the novel *This Present Darkness* by Frank Peretti. I pulled scriptures out to teach what the Bible says about angels and demons versus what we were reading. It was a great source.

R. C. does a great job in presenting the Biblical information regarding the subject. He uses historical authorities to help in the description.

Arrived on time and as described. A hard read for me but I'm not a big reader...
