Very nice book with a lot of delicious and healthy easy to make recipes. Especially if you don't have a lot of time to cook this book helps to make a perfect lunch or dinner to your family.

As someone who is following sports and nutrition for such a long time this book offered me a very nice in-depth look on the various low carb diets. Furthermore the recipes in it look very delicious and should be also easy to reproduce. I loved the way of writing since it was very simple and clear to understand. I highly recommend this book!

This book was amazing. The book is packed with delicious and healthy low carb recipes. Most of the recipes are easy to make and the directions are easy to follow. I can eat my favorite food without having that guilt feeling. I would recommend this book to anyone who is into good nutrition and health.

This was an e book. It did not have any recipes that I would make, so it was deleted. I'm a very picky eater, I'm sure others would love the book.

Low carb and good. Nice variety of recipes. Easy to make and ingredients you can find in the grocery store.

Have been looking for a great cookbook to do with low carb for quite some time.. I'm so happy I found this book, so many great ideas..and I've lost weight too.
