Hurry up! I can't wait for the next book. The Highland blood series is engrossing, with main character being thought now to me as Grauch, Cerwiddan, and little Raven....not Lady MacBeth. What

vengeance will Cerriwidian take for all the painful wrongs her fate has brought to her. Most definitely one of my favorite historic fiction books and only HF series I'm reading. Bring on Highland Vengeance.

I love the storyline...the characters...the magic, the covens, the castle life & the history of it all.....I hope Ms Karsak finishes the storyline....I want to know what happens!! :)

Similar to book 1, the ending of this story was cut short and left me feeling shortchanged and disappointed that the author couldn't have told a story that could stand on its own.

I loved reading this series and cannot wait for the 3rd book... So please publish it soon! I highly recommend this book and the previous one, you won't be disappointed I couldn't put it down and longing to know what happens

I hope Ms. Karsak will write the next one quickly. This is the kind of historical fiction I love.

Melanie Karsak is a fantastic author who really weaves magnificent stories that are difficult to put down! My only qualms with this book are how quickly I was able to tear through it without the rest of the story available. This whole series will be on my 'yearly re-read shelf'

Full of magic and history. Melanie Karsak is a talented writer and did her research. Read both if the Celtic blood series books in one day.

Many of the stories I come across from BookBub aren't well written, but I can still enjoy the story. This blows all of those out of the water. Fantastically written, engrossing story. Cannot wait for the next one.
