Pope Francis: The Last Pope?: Money, Masons And Occultism In The Decline Of The Catholic Church

Synopsis

Pope Francis: The Last Pope? reveals the possible reasons for the choice of historical abdication of Benedict XVI and traces the process that led to the election of Cardinal Bergoglio: the Pope who many have prophesized will be the last and will bring the Catholic Church to its end. The book details the history of this prophecy, which was hidden away in the Vatican for hundreds of years and predicts that the reign of the last Pope will herald the beginning of “great apostasy” followed by “great tribulation.” It also explores the recent scandals in the Catholic Church and addresses questions including What pressures decreed the end of the pontificate of Benedict XVI? What powers have an interest for the Church to end? and What is the relationship between the Vatican and the New World Order? Perfect for anyone interested in prophecies about the end times, Pope Francis: The Last Pope reveals the truth about what numerology says about the last Pope and the darkness that may follow him, as well as fascinating investigations into the gay lobby, Freemasonry, and the Jesuit agenda in the Vatican and how it relates to the first Borgia Pope, the legend of the White Pope and the Black Pope, and how Benedict’s resignation may fulfill an ancient prophecy.

Leo Lyon Zagami is a writer and researcher who wrote a popular blog concerning his direct involvement with the New World Order and secret societies connected to it. He is the author of numerous books in his native Italian on a variety of subjects ranging from history of the secret

societies and the Vatican to geopolitical matters.

Excellent1

With his very first and eagerly awaited book published in the English Language, Leo Lyon Zagami makes a thorough point on the intrigues perpetrated within the Vatican walls, and their decisive connections with the sinister agenda for the establishment of a new world order and a new world religion, set up in the context of an end of times scenario, which, according to many prophecies and objective analysis of the state of affairs, is taking place right now. This very timely book, that will shortly be followed by many others, notably the "Confessions of an Illuminati" tetralogy, is very well written by a genuine insider of the Vatican and the Illuminati orders, dedicated to disclose the occult agenda of the Dark Illuminati to the public, and to spearhead a wake-up call to the people in order to prevent or at least to impede as much as possible the most sinister issues of the New World Order, set up behind closed doors by a self-proclaimed elite which has gained over time tremendous power, both on the temporal and spiritual sides of the world, by making a commitment in the most hideous activities that are summarized in the present work. Throughout the book, some robust references support the subject discussed with a strong rationale, concurring to demonstrate the objectivity of the author and the reality of the situation exposed. Now, who's pulling the strings on top of the pyramid and beyond, and to what ends exactly? The reader, being hinted at this specific issue in the present book, will get some definitive answers to these questions in the forthcoming publications, all the books scheduled to be published being complementary to each other. Thus stay tuned and follow the thread proposed, not to be lost finally in the complex labyrinthine deceits of the New world Order. In brief, this book is a must-read, and you certainly don't want to miss it if you're interested in the subject, or simply want to know more about the occult side of the Vatican and of the world affairs, threatening to overshadow your future, and that of your children.

This is the second of Leo Lyon Zagami's books I have read, the first being his, "Confession of an Illuminati, Volume 1." Both works are truly rare gems of research, startling and sobering facts that together show the web of the New World Order and the Illuminati that transcends nations and faiths into an evil cabal that is reaching its goal of world domination. This Pope is deeply embedded in that infamous plan to bring a cataclysmic reign of diabolical evil, human suffering and tyranny never seen before in human history. The part this Jesuit Pope is playing is totally in league with the world

power elite found in the Bilderberg Group and similar power cabals; the Tri-Lateral Commission, CFR and Rothchild banking that the sleeping world and especially the U.S. population refuses to acknowledge, let alone care about. This book reveals this man's infamous part in the terror of Argentina when he was in a position of power and was party to the abduction and torture of two priests there, in addition to others needless suffering. His "great acting" which one associate of his characterized him as, is born out in the duplicitous actions where he seemingly abhors the sexual abuse of priests, yet is more than willing to be happy to cater to the infamous "Gay Lobby" that has incredible power within the Vatican. This penetrating book reveals the dark side of the Vatican, the past pope who fled his post and reasons that could well explain why; a dark, evil tale. As this Pope pursues his designs in league with the New World Order of creating a one world religion and the presently under construction of Vatican II in Palestina, near Rome and the huge "Temple" being built there for this one world religion, one is left amazed that the "Temple of the Work of the Holy Spirit is little known, but will fulfill the diabolical goals this pope and others who have harbored as an all-consuming, obsession of a universal, One World Order religion.. The next five years will bring humanity to realize how the world elite are far from "Christian" or even humanitarian. Books like Mr. Zagami can greatly help to stem that flood of monstrous world manipulators.

Do you think the church is corrupt? Of course!

Good read and jammed packed full of info.

The author introduces information from a different perspective, from that of an insider. The material is all fully documented and the author is very thorough in his depiction of the different characters of the Vatican. I was taken on a journey full of adventure and intrigue, from the halls of the Vatican to the seedy alleyways of Rome. The veil has been removed and I feel enlightened after reading Pope Francis, The Last Pope? I would definitely recommend this book ! Looking forward to his future publications! Five stars!

Something is going on in the Vatican that is hidden from us. Leo Zagami knows the people inside the vatican and shares his thoughts as to why things are changing there. Very important book to read.
