The Tiny Book Of Tiny Stories: Volume 3

Synopsis

From Golden Globe Award-nominee Joseph Gordon-Levitt and his online creative coalition hitRECORD, and in collaboration with the artist Wirrow, comes Volume 3 in the Tiny Book of Tiny Stories series. To create The Tiny Book of Tiny Stories, Joseph Gordon-Levitt, known within the hitRECORD.org community as RegularJOE, directs thousands of collaborators to tell tiny stories through words and art. With the help of the entire creative collective, he culls, edits, and curates the massive numbers of contributions into a finely tuned collection. The Tiny Book of Tiny Stories, Volume 3 once again brings together art and voices from around the world to unite and tell stories that defy size.

The universe is not made of atoms; it's made of tiny stories. Featuring 82 contributors from the 35,905 contributions to the Tiny Stories collaboration on hitrecord.org

First of all, don't get this book expecting a children's book filled with fairy tales. It can be read to children, but it is something very unique and special in itself. It is a small book, both in size and story length. In fact, these are more quotes and sayings that will get you thinking rather than stories. I am proud to own this collection of art and stories because when you read it you know it is truly something special. Love it for what it is, not for what you want it to be.

Love JG-L, love his work and the site HitRecord. If you haven't checked it out you should, the work from the various people/artists submitting to it is amazing, fantastical, and you won't be able to stop looking at the different projects. These were purchased as Christmas gifts, I hope to buy more this year.

I am a huge fan of the Tiny Books of Tiny Stories. They are a tiny compilation of genius from all parts of the world. I always give these books to myself and to others as early Christmas gifts. It is literally a tiny gesture that can never go amiss. I recommend it to anyone who appreciates short stories, illustration, and bursts of imagination. And if you like this book, you'd probably like to give a chance to all other works done by the community at HitRecord.org. You won't be disappointed.

The collaborative concept behind [hitrecord](http://hitrecord.org) is brilliant on its own, and the fact that you can have a physical example of the connected work is great! The cover is really sweet and has a nice touch to it, as well as the tiny size. Lovely!

I already own books 1 & 2 and love all the awesome illustrations so naturally I had to purchase book 3 and I wasn't disappointed - I love this one also! Can't wait for book 4!

Get it in print. Kindle works great, but its hard to view sometimes. GO AND WORK ON HITRECORD. :) You'll love it even more.

I got my best friend the first two books of this series and she loves it! Got her this one for Christmas and it arrived in perfect condition! If you have someone who likes Joseph Gordon-Levitt and little short stories, they'll love this!!

Awesome book. Although I would recommend getting the hard cover versus the ebook version. You can't zoom in on the ebook version.
