I bought this puzzle book to use as materials for my church's 5-Day Club (VBS) and wanted to buy something fun. I like "Through the Bible Puzzles" because it's something for the older kids. We rarely have anything for the older students that's fun and the students are often bored. I don't want to give them baby work, so this book is just right. I also love how some of the puzzles expect students to look through the Bible. I don't think students do that enough and they have trouble finding verses in the Bible, so I hope these puzzles will keep the students interested and will encourage students to read the Bible and understand it more. Not only does it encourage students to go back to the Bible, it also makes students think with mathematical problems as well as unscrambling words and codes. I don't think students get these as much as I did as a student. I hope the students enjoy these puzzles as much as I think they will.

My 9-year-old niece likes to do these puzzles at church. Easy enough for her to figure out without

assistance but challenging enough to hold her interest.

Good for a kids bible study enhancement of basics - age appropriate.

Excellent Bible Puzzles for kids. I love it.

Really love this book. Very creative and my Sunday School children seem to enjoy these. I highly recommend this book.

It has many puzzles I use for Children's church, the Kids love the puzzles and it helps them remember story

The new version was so much better. The Heartshaper puzzles are so great for Sunday School!

My son has enjoyed the puzzles and it has ended arguments about being quiet in church!
