Kane Chronicles, Book One: The Red Pyramid: The Graphic Novel

Synopsis

Siblings Sadie and Carter Kane discover that the gods of Egypt are waking, and the worst of them--Set--has his sights on them. To stop him, the duo embarks on a dangerous journey across the globe, one that brings Carter and Sadie ever closer to the truth about their family and its connection to a secret order that has existed since the time of the pharaohs. The heart-stopping action and magic explode off the page in *The Red Pyramid*, The Graphic Novel, based on the worldwide best-selling novel by Rick Riordan.

Customer Reviews

I teach 8th grade struggling readers and I love that so many popular books can now be found in graphic novel format. It's a less threatening way to introduce them to the story--and many times, after reading the graphic version, my students dive into the full-length book and sometimes end up falling in love with a series. Yay!

My 10yr old son and I have enjoyed this book immensely. I bought this book after he listened to the audio book on audible 3-4 times. The narrators are top notch. Kevin R Freed and Katherine Kellgren have such harmony and a plethora of voices to boot. The writing is so clever and memorable. We

often mimic the story in real life situations. This book has helped us have meaningful conversations about divorce, selfishness, community, being judgmental and having courage to face many of life's unexpected adventures with grit and positivity. Highly recommend. The only quirk I have with the text of the comic is that often the conversation bubble text is assigned to the wrong character. My son said the pictures help him to see if what he imagined is what the author saw. I love it!!!

The graphic novel was well done. I believe it captured everything I was hoping for. I have been a fan of the books and had high expectations, it was well worth it. I do enjoy seeing the characters pictured in accordance to the books and will say I enjoyed it a lot. I enjoyed the art work and was happy to see it portrayed the way the books described it. I have nothing negative to say it was a good read and done really well.

Not a lot to say, it is the graphic version of the book. It's never what you picture in your head but still it's cool to have. We collect all Rick Riordan's books here! These books are great for a reluctant reader.

This book has a lot of adventure, mystery and magic. I gave it a 5 star rating because I'm excited for the next book. I'd recommend this book to my sister because she really likes books with magic and adventure.

My 9 year old grandson could not put it down! I have been a Rick Riordan fan for years and now I can share his books with my grandson. This graphic novel was a great way to introduce him to the fantasy genre. Both parents are elementary school teachers. Initially, they were not happy about a graphic novel, so they monitored his reading and discussed the book as he read. They were pleased with the quality of the book and how excited the grandson was about reading it. Next will be the Percy Jackson series.

I don't read that many graphic novels but this one was really good! I love the series and was glad to see it in this form!!

It was really close to the original book which I like. I think people of all ages would like it. Especially fans of the series.
