Gross Things On Buses, Trains, And Planes (That's Gross! (Gareth Stevens))

Synopsis

It's not possible for people to walk, or even drive, to many places. Buses, trains, and airplanes get us where we need to go. Unfortunately, wherever large groups of people gather, there are sure to be a lot of germs and other unpleasant things, too. The more we learn about these things, the more we can keep healthy and adopt behaviors to keep others healthy as well. The gross things hidden from view, or impossible to see with the human eye, on several modes of transportation are discovered through accessible text and engaging, fun facts.

Book Information

Series: That's Gross! (Gareth Stevens)

Paperback: 24 pages

Publisher: Gareth Stevens Publishing (August 1, 2012)

Language: English

ISBN-10: 1433971283

Grade Level: 2 - 5

Customer Reviews

Gr 2-3-Promising more than they deliver, these surveys tone down the "ick" so far that even sensitive readers are unlikely to feel anything greater than mild disgust. Though chapter headings in *Body* include "Earwax," "Vomit," and "Scabs," none of these actually appear in the photos, and the accompanying commentary focuses most closely on health benefits. Similarly, the idea of cultivating clean habits trumps the occasional close-up of dust mites (incorrectly dubbed "insects" in *House*) or reference to eating live animals. All the volumes do close with print and web resources on similar topics, and, except for *Buses* and *Feet*, with recaps or safety tips. (c) Copyright 2011.
