Customer Reviews

This is a book that needed to be written, and these writers are up to the task. It is hard to think of any pastor - at any stage of ministry - who will not find help of a variety of types here.

- Cameron Murchison --Presbyterian Outlook
The Jamiesons offer an excellent guide, which could easily be a seminary course, required of all M.Div students.
- Lawton W. Posey --Sharing the Practice
This is a very helpful basic book for seminarians and pastors who seek to be competent stewardship leaders. The reader is offered an astute theology that can sharpen financial perspectives and practice. - Jerry Hoffman --Word & World

"Pastors who want to utilize money more effectively in their churches and in their personal lives should read *Ministry and Money*.

This is a great book, written by two professors who know what they are talking about.

Probably the best book I have ever read that talks honestly about the money side of stewardship. I was especially impressed with how this couple combined the Scriptural/church historical views of money with a practical course in accounting 101. Most pastors talk about money in a general way, usually by using the overall catch word, stewardship. This book would help them understand money's proper place in ministry as well as how to manage it.

A good book with a helpful approach to the witness that pastors and leaders make in the use of and management of money.

Wonder text book for pastors and lay leaders. An important message not taught in most seminaries. I highly recommend it.

Great study text for ministers on money and stewardship

Fantastic book--a must have for all church leaders not just pastors. Contains wonderful resources for church boards and councils. If you are new in leadership it is great for learning how to read the financials handed out at meetings.

One of my favorite books ever written on the topic of money and faith. This should be mandatory reading in seminary. Equally good for clergy and laity. A must read.

I needed this book for a church stewardship class. I found it enlightening and very informative. Has a lot of good things to think about
