Oahu Budget Restaurants And Value Dining With Honolulu And Waikiki (Hawaii Restaurant Guide Series)

Synopsis

An Active Traveler's Guide to Affordable Dining on The Island of OahuThe Hawaii Restaurant Guide Series got its start ten years ago with a single print release covering the top dining options in the Hawaiian Islands. It truly was a one-size-fits-all effort that included the full spectrum of cuisines and prices available across the island chain. Eventually the book grew as reviews were added, but the increase in content came at a cost of portability. That's when we decided to divide the work by county and our first edition became four. Meanwhile, we watched as a new technology called eBooks evolved on the horizon. For us this was a publisher's dream where we could slice and dice our subject matter into any number of categories and expand or contract the content at will. Compared to the cost and effort inherent in producing print books the eBook formats promised boundless freedom and creativity. Well, it may have taken ten years to get here, but eBooks and eReaders have finally come of age. Our original concept involved developing a dining A-List covering all price ranges. That allowed us to report on everything from resort dining rooms to family-owned establishments but limited our reach into the neighborhoods. We wanted to include the better mom & pops so we expanded our criterion to an A/B-List. Even then some cultural dining icons fell through the cracks, but thanks to eBooks we found a way to deliver this, our best for budgets! This eBook was designed with smartphone viewports in mind. The entries have been condensed to fit the small screens found on the mobile devices most of us carry around as a matter of course. Look on the lounge chairs near any pool in Hawaii and you'll see portable phones everywhere. People may not carry a stack of guidebooks or an expensive tablet computer with them, but that phone has become a "must have". Give Kindle for smartphones a try - it travels well!

Customer Reviews

I have the kindle version. Not very useful on my vacation. It is a very basic book that list many restaurants, address, phone, and basic info; same as you might find in a magazine or newspaper's restaurant and dining section. Unless you are familiar with any of these places, it would be hard to chose one based on the sparse info. I was hoping for a brief description, recommended or popular items or some kind of local color. It might be ok if you are familiar with these places and just need a directory but not for me in tourist mode.

This is a horrible book, very little information and even harder to locate what you want. If I could return it I would!
