## Customer Reviews

Since the publication of the first edition of this book in 1980, interest in Limoges porcelain has increased tremendously. This revised edition is arranged by company and/or mark. The history of the Limoges porcelain industry begins the book, followed by the histories, marks, and examples of the major factories, unidentified Limoges companies, and even miniatures. An index and cross reference to companies, initials, and symbols, are provided. -John Alvey

Mary Frank Gaston's study of antiques began during the mid-1960s when she and her husband lived in New England which is so rich in our nation's history. She has authored many titles, with subjects including Flow Blue China, Blue Willow, English China, Limoges Porcelain, R.S. Prussia, Antique Brass & Copper, Knowles, Taylor & Knowles China, and Art Deco. Most of her books have

seen multiple editions and/or volumes, as her books are extremely popular among collectors.
