Healthy Money: Making A Successful Transition From Resident To Attending

Synopsis

Money advice and coaching for new doctors in a format that is easy to read and understand. Residency can be challenging enough with the long hours, delivering high quality patient care and then devoting most of your spare moments preparing for in-service exams. Personal errands, getting sleep and maybe getting a little respite time here and there make it a challenge to find time for other important tasks like managing your finances. The financial services industry are delivering seminars at the hospital, but are they there for advising or sales? Sometimes it can be a challenge to tell the difference. Three important money considerations as a physician makes the transition from Resident or Fellow to Attending Physician are: - Protection Matters - Debt and Cash Flow Management - No Free Lunch In this book, these three topics are delivered through the eyes of resident physicians (fictional, but based on real life) Mary and Jennifer. There is a summary of actions the reader can take based on the information shared in the section. Audio Version will be available in early 2018.

Book Information

Paperback: 131 pages

Publisher: Healthy Money (August 12, 2017)

Customer Reviews

A very clear and a focused book about the most important financial points facing young attending. The book highlights the basic required points and simplify initiating an action plan to guide physicians go through the financial transition. Highly recommended for beginners to use as a platform to go from. Well written and is an excellent short and quick read.

Excellent - quick read. There are so many financial planning pearls in this book. This book has already helped me plan in the short time and look forward to it helping me in the long term. So many

questions are answered in this book that I did not know who to ask. This book will help every resident plan for their future financial success. A MUST READ!

Concise and helpful information. This book has concepts normally found in an MBA program and instead is delivered to you in a simple format.
