The Complete Book Of Wills, Estates & Trusts: Advice That Can Save You Thousands Of Dollars In Legal Fees And Taxes

Synopsis

The best legal guide to wills and estates—now updated to cover the current asset protection options and estate laws. Whether grappling with modest or extensive assets, *The Complete Book of Wills, Estates, and Trusts* has long been the indispensable guide for protecting an estate for loved ones. In this completely revised third edition, updated to cover the latest changes in estate law, attorney Alexander A. Bove, Jr., clearly explains how to use a will to avoid probate and legal complications, how trusts work and how to use trusts to save taxes, how to contest a will and how to avoid a contest, how to settle an estate or make a claim against one, how to establish a durable power of attorney, how to protect assets from creditors. In his straightforward and humorous style, Bove shares easy-to-understand legal definitions, savvy advice on taxes, and pragmatic and simple sample forms, all illustrated with entertaining examples and actual cases. *The Complete Book of Wills, Estates, and Trusts* is the best guide available for defending your financial legacy.

Customer Reviews

“If only my own will were written in language as clear and sprightly as Alex Bove’s . . . I could go to my grave at peace with myself and my readers.”
—Robert J. Klein, former senior editor, *Money*

Alexander A. Bove, Jr., is a prominent attorney with nearly thirty years of expertise in estate law. A

former legal and financial columnist for The Boston Globe, he is also an adjunct professor of law at Boston University Law School. He lives in Boston, Massachusetts.

The problem seems to be that the author originally thought he was writing "The complete book of Wills and Estates" and would save Trusts for a followup book. The chapters on wills and estates are entertaining, informative, useful, and even easy to read (something I thought would never be possible in a legal book -- even a pop-level legal book). The author is able to make the legal concepts seem alive and useful through clever writing, amusing or relevant real-life scenarios, and thoughtful what-ifs. Unfortunately, the chapter on trusts is lacking. It feels unorganized and rushed. Sections duplicate each other or sections from the previous chapters. There are no amusing anecdotes; the sample scenarios are contrived and make it harder rather than easier to pay attention -- it is at the level I expected from a pop legal book. The pacing is very poor. All of the similarly-named trusts blur into each other. There are quite a few spelling, wording, and other typographical errors in this chapter (I found none in the prior chapters). Nonetheless, I would recommend the book for giving the details of an overview. A consultation with an actual attorney knowledgeable about the laws of your state is still advisable, as the book is already out-of-date. But this will help you understand things better and have a more intelligent conversation. It will also help disabuse you of any notions that inheritance law comes close to making intuitive sense.

On time and as advertised. This book has a lot of good information in it, and uses memorable anecdotes to both clarify the legal issues, and make them more memorable. Worth the price.

Sets out a framework to think about the issues. But out of date as a practical tool given changes in laws and/or regulations.

Hope this inspires me to get it done

Met my expectations

very helpful!

This is my favorite book on estate planning (and I have read several). It is complete, easy to read and even entertaining.

This is a must own if you or someone you know is thinking about writing a will or trust. Very well written book for the average person.
