Customer Reviews

Nice arrangements, great variety of songs. This book is not a meant for piano solos, but rather for accompaniment (the songs' melody is rarely in the accompaniment). Also, it is not geared for the beginning pianist...it's more of an intermediate skill level.

I received the collection. It was in great condition. The arrangements are easy to sight read and I love the fact that the chords are also available as well as the notes. Really like the assortment of Christian Hits as well. They are some of the older contemporary Christian music and some recent ones as well.

I recieved this book from and I loved it! I first started with Blessings by Laura Story and the piano sheet music was just like it was recorded on the radio. This book has so many songs so they do vary in difficulty. It ranges from early intermediate to advanced. I was very happy with this purchase!

Real nice book, piano, voice, and guitar cords. Everything as advertised. Well worth buying.

You can check out the inside for the arrangement and difficulty and I appreciate that !!!

My daughter likes the music in this book.

Nice - Thank you!

Great selection of songs, but the arrangements leave something to be desired as they are very elementary and that isn't clearly denoted in the product description.
