good book

A great reminder mini book of tips!Very helpful :)I've even printed the topics off and posted them on our kitchen wall to remind me to use them

I found this book very helpful and made me feel better about my toddlers delayed speech issues.

You will enjoy

I enjoyed this book - it's a good reminder of things to do with my child - nothing ground breaking in it, but certainly good information.

This quick guide reiterates the basics you yourself might have forgotten as an adult. PLAY. And If you are seeing a therapist, this quick guide helps remind you what your child might be working on and how to keep the therapy (PLAY) on going at home.

Good tips to get you started. Short easy read. I borrowed it with prime- would not have paid for it.
