Customer Reviews

The editors of Merriam-Webster have been creating dictionaries and other language reference works to the highest standards of quality and reliability since 1847.

I just bought this item and was very disappointed because the description says that this dictionary contains "a special section on Confused, Misused, and Misspelled Words, and encyclopedic section," but these sections are not in the 2010 edition. Maybe they are in earlier editions. The dictionary does contain 1 page for general spelling rules and a page on 10 rules for forming plurals. The dictionary section itself seems to be ok for children. My 9 yrs old has used it without asking me to explain the definition like she has with other dictionaries.ok if you just want the dictionary.

I just received this product on today and it was purchase for my child. I love this dictionary. It's easy

to ready and the print is big enough for my child to read as well as for myself. This is excellent for little students.
