Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." • Chicago Tribune "The best option Color photos, maps, and diagrams bring the place to life." • The Philadelphia Inquirer

Just spent three weeks in western Turkey. This guide helped me better understand and appreciate the ruins and mosques I was seeing and also guided me to places I may not have gone. Great drawings showing layout of most of the popular sites to visit. Used some of the hotel and restaurant suggestions, and they were as described. Istanbul map on back pages was a great help when using public transportation. Also used the maps at the beginning of each section regularly to plan my day and then to figure out where I was when I inevitably got lost!

This is a beautiful guide book, with amazing photos and maps. Unfortunately the information on Cappadocia and Ephesus was very light. Also, it is surprisingly heavy. It's a great book for Istanbul and an overview of the rest of the country, but not something that is practical for carrying around all day.

Eyewitness books simply rule - great photos, great diagrams, great information... a must have for someone traveling independently around Turkey. Now, the ebook version? Complete garbage.

Beautiful, a good, quick study, and will be nice to have after the trip as well. As expected from DK. One huge disappointment: I thought there'd be a detachable map of the country, but no. The DK Istanbul book as a waterproof detachable, foldout map of the city; I assumed the Turkey book would have a similar map of the entire country. There is only a color-coded map of the country in the front endpage. Great to have the detail maps, but I think there should be a country map as well. It could be half the country on each side. Why isn't there?

I love the DK Eyewitness Travel Guide as I travel a great deal and I always buy these travel guide

book prior to me traveling to that destination. Like last year I went to Morocco and several months prior to going I bought the DK Eyewitness Travel Guide to Morocco. I use it to read about that destination. They are VERY informative!

Other cities than Istanbul take much less coverage.

I ordered it on a last minute trip to Turkey and it came in time and was super useful! I love the DK Guides, I travel often and always use them when I can. Great balance of advice, history, etc.

Having returned from Turkey, I was pleased to revisit the places I had seen and it refreshed information given to my group on our trip through this DK travel book on Turkey. The photos and maps are a great as well.
