Doing Ethics: Moral Reasoning And Contemporary Issues (Fourth Edition)

Synopsis

The most accessible introduction to ethical theory, moral reasoning, and contemporary ethical issues—now shorter and more focused, and still the best value. *Doing Ethics* emphasizes that moral decision making is an active process—something one does. The Fourth Edition provides students with the theoretical and logical tools that a morally mature person must bring to that process, and offers a wealth of readings and case studies for them to consider and discuss. Streamlined prose, real-world relevance, and practical pedagogy—all at an affordable price—make *Doing Ethics* the leading applied ethics text.
