The Food Network star is back with an all-new, all-American book in his #1 New York Times bestselling series! In its seventeenth season, Guy Fieri's Diners, Drive-ins and Dives continues its reign as America's best source for finding the funky, scratch-made, and delicious. Now the host and #1 New York Times bestselling author returns with more of his favorite joints across the country—and a few in Canada! In this third entry in his Diners, Drive-ins and Dives series, Guy keeps his motto front and center—"If it's funky, I'll find it." This time around he's bringing on the big personalities, the rockin' real-deal recipes, and the homegrown restaurants that capture

the freewheeling American spirit at its finest. Also along for the ride are members of Guy's rambunctious Krew, sharing their most memorable shoots, meals, behind-the-scenes stories, and killer pranks from the road. And check out this new feature—â•a tricked-out, full-color foldout map that shows the location of every diner in the book!

This is just okay, he has better cookbooks.

Pretty interesting, but light on recipes that I would personally make. I bought it at a discount and don't regret the purchase but would have been disappointed if I had payed full price

FUN! FUN and more FUN.....makes tracking down some of his favorite stops easy....also some delicious ideas for meals. Look forward to reading others written by Guy.

Pretty good....:I really like the show. I do think a cookbook downloaded is a little difficult and not quite as enjoyable as holding it in one's hand.....Not quite as many recipes that will translate to home as I thought but very enjoyable.

i enjoyed the book. I like Guy's take on food. If you liked the TV series, you'll like this book.

With a hair cut like that? Great book! If you watch the series this is a must have!

Love the book/ cookbook. its a good read along with good recipes. !!!!!!!

I've only been looking at the ebook for a few minutes and have already found several editing errors. In some recipes, the list of ingredients will fall on separate lines, as they should, and in other recipes, they have several ingredients listed on the same line without commas:"1 teaspoon dried oregano 1 teaspoon dried basil 1/2 teaspoon ground black pepper" There are also obvious typos: "1 cup mayonnaise \$\$ cup sugar" I gave it 3 stars because I like the premise of offering a list of unique diners and their special recipes, but no one wants an unedited cookbook!
