Praying For Your Future Husband: Preparing Your Heart For His

Synopsis

Have you ever thought about praying for your future husband? Will it make a difference? There's only one way to find out! From when we were small girls, most of us dream of "The One," our future husband. We think about what it would be like to be a bride. We wonder who that special guy is and when we'll find him. The great news is that what you do now can make a difference in your life and the life of your future husband! Authors and good friends Robin Jones Gunn (Christy Miller series) and Tricia Goyer (author and former teen mom) believe God answers women's prayers for husbands—even husbands they may not meet for years. They invite young women to pray boldly for their future mate while also asking God to prepare their own hearts. In *Praying for Your Future Husband*, Robin and Tricia share their two vastly different experiences, including the things they did right and the mistakes they made on the path to meeting and marrying their husbands. Each chapter includes helpful Bible verses, prayers, and practical application, along with true stories of women who prayed for a husband and how God answered in remarkable ways. God has a beautiful romance prepared for you. Prayer is the key to unlocking the love story with your future husband and with God, the lover of your soul.

•Shannon Primicerio, author of *The Divine Dance*, *God Called a Girl*, and the *TrueLife Bible Studies* series

“When I was twelve years old, my husband began praying for me. I did not know that, of course, because I did not yet know him or God. But later, looking back, I saw how those prayers had miraculously affected my life. Gunn and Goyer are practical, vulnerable, inspirational, and encouraging. I can think of few better gifts for a young lady to offer her future husband than the gift of her prayers, and this book shows how to do it.”

Tricia Goyer, the author of more than 25 books, has drawn from

her experiences as a teen mother and leader of today's generation to be a voice of hope for women. Tricia has been married for more than twenty years and is the mother of four children.

I like the book but I could do without the endless stories for an example. I was expecting maybe one or two stories but its stories in EVERY chapter. Often times, the story takes up most of the chapter with a small section on how you can somewhat relate. I like the sections that gave you prayers for your husband and some of the discussion questions. It more so gave me direction on where and what I should pray for him about and what sections I need to focus on so that what I want meets what he needs. It was a meh book.

This book is for a younger girl who does not yet have a boyfriend. I was further along in my relationship so the book was inappropriate for me at the time I bought it.

Have started reading this book today..It has been very enlightening. The format of the book is easy to read and understand..it follows with examples of the ladies experience and has scriptures and prayers relating to the topic been discussed. Also love the questions at the end of each chapter, it is mind opening and thought provoking.

I am 3 parts the way through this book and I love it. The questions at the end of the chapter really did get me to thinking. The goal of this book to me- the woman starts to hold herself more accountable as she realizes that she may want certain things out of a man that she is not demonstrating in her own WALK. It's a self check as well. You do not have to be super religious to get something from this book. Both women telling their story through the book are different and tell you about their own paths and experiences which I love. I recommend this book if a woman is really thinking about marriage and is looking to evaluate herself in the process. Great book for a teen mother who is looking to settle down and get her mind right. I also feel this book is ideal for any teenage girl as well, I say start early in talking about virtue, maturity, and dating good men.

Never, in a million years, would I have thought to pray for a husband that I don't have yet. A sister in Christ advised me to read this book and I am so glad that she did. This book has opened up my eyes to so many knew things. This is very important to me, as I make a conscious decision to please Christ every day and strengthen my walk with Him. My prayer time is better and because prayer is one of the most intimate times that you can have with Christ, I am thankful for that. I

encourage every woman, no matter your walk with Christ, to read this book...especially if you long for a love on earth and you're waiting on His timing. I thank God for the authors, Robin and Tricia! While you read this book, not only are you praying that God mold and be with your future husband, but YOU will be changed as well. The prayers; both for your future husband and yourself, the scripture references, the beautiful poems, the love stories from women who'd prayed for their spouse before they knew him, the exercises at the end of each chapter...Oh, this book is just wonderful!!! God bless!!

I got this book after I got out of a relationship that was bad from the beginning. I knew I needed help to change. I needed wisdom and I needed God's help. This book was very interesting to read, and I looked forward to reading a chapter every night. I loved the authors' personal stories. The book brought me closer to God. I said the prayers with faith, knowing that's what God wanted for me. I read this book in the fall of 2011. In November 2011 I first met my husband, in February we actually started talking to each other, and by September of 2012 we were married. Now it's April of 2013 and I'm so happy knowing God put us together, he has a great plan for us, and that I have a husband that loves God and can therefore truly love me. God wants us to cry out to him and give him our cares! "Delight yourself in the Lord and He will give you the desires of your heart." Another book I recommend is "Secrets of an Irresistible Woman: Smart Rules for Capturing His Heart." by Michelle McKinney Hammond. I read a lot of Christian dating books that just didn't work, or even made things even worse with their legalism, but the "Secrets" book truly did have amazing secret keys of wisdom that can be applied to any relationship and anything, really.

Amazing encouraging stories of how God still love us after how much we've failed him. He cleans us, restores us and give us a big surprise unexpectedly good. Thanks for sharing your true stories of your life as testimony to God's supernatural work. True love is for sure worth waiting, now matter how long. Let God does his work while we just keep on praying!

I bought this for my daughter who's 18 yrs old. She really likes this book. In today's world it is so important for young women to have guidance that stays with God's word not the world's!
