Customer Reviews

Let me first state that previous to buying this guide I purchased air tickets, booked hotel and paid for the car rental. I used the guide for an idea on what to visit and get some directions in the Lombardy area. In that sense, the guide filled its purpose. It also brings, at the end of it, quite a lot of information on Italy particulars. Very good info for the price paid for the guide

A reasonably good value at a few bucks with helpful information and realistic descriptions. I do wish though that it was easier to navigate and had more links (internal and external). I also wish it had more photos and maps to visually enrich the guidebook.
