## Customer Reviews

Great book for little ones and wonderful for the Spanish/English bilingual baby! The little guy nextdoor loves it and I love being able to support not only a future reader but a bilingual family. Oh, and it is sturdy and the illustrations are just as beautiful as the non-board

Love how cute the book is. I ordered it for my baby's library in the nursery and flipped through it before. I wish they made these soft cover!

I bought these for my 8 month old grand-daughter. She already understands both languages. These

will help her learn to read in both languages also. Wonderful books. I bought 4 different titles but will only be reviewing the first one. They are all great books and learning tools.

It's not translated correctly!

Book came in new condition, and was exactly what I wanted. Has both English and Spanish throughout the whole book.

Easy spanish book to read and handle . Book is great for learning how to read spanish. Enjoyed reading it.

Came in perfect condition my grandson loves it

Even though this book is quite small in size (3" x 3") it is an adorable tool to teach Spanish to my daughter. She seems to really like the drawings and I look forward to learning the song so we can sing it together.
