Customer Reviews

The Barcelona map was my go to when in the city. The map that the hotel gave me was not as good as the one from the Lonely Planet Spain guide book. I really liked all the detail from the guide book including the history of Spain. I would definitely get another lonely planet guide book again.

Great book for traveling Spain. I had a couple of different brands, and I definitely preferred Lonely Planet the best. Highly recommend this if you are planning a trip to Spain. It has all the places you don't want to miss, and even some off the beaten path. Easy to read, well organized!

Good guidebook. New condition as promised. Not as Barcelona focused as others.

easy to pull together information and good coverage of Barcelona

I've been buying and using several Lonely Planet Guides, they go along with me while traveling. They are a big help and easy to check in my iPhone or iPad. Lonely Planet is doing an outstanding job. Congratulations and Thanks
