How Christ Said The First Mass Or The Lord's Last Supper

Synopsis

Shows how the Catholic Mass sums up the entire Old Testament worship from the time of Adam to the time of Christ, how even minute details of the present Mass were used by Christ in the very First Mass, and how they have come down to our day with the same symbolic meaning they originally had. The author delves into the history and tradition of every aspect of Hebrew worship and shows clearly how Our Lord blended and wove them all together into the beautiful liturgy we call the Mass. Impr.

Book Information

Paperback: 438 pages

Publisher: TAN Books and Publishers (May 1, 2009)

Customer Reviews

Father James L. Meagher, D.D., lived in the nineteenth and twentieth centuries. His extensive work entitled *How Christ Said the First Mass* was originally published in 1906 by Christian Press Association Publishing Company, New York. It was reprinted several times, beginning in 1975 by Marian Publications. Father Meagher's purpose with the book was to explain how the scriptural methods of worship, from the time of Adam down to that of Christ, were summed up in the Old Testament. In it, he explains the meaning behind every aspect of the Holy Catholic Sacrifice of the Mass. *How Christ Said the First Mass* was republished by TAN Books in 1984.

The author spent years mastering Hebrew, and researching the thesis of this remarkable and unique book through the pages of the sixty quarto-sized volumes of the Talmud and in conversation with rabbis in Jerusalem. The author's thesis is that the First and Second Temples, and the Mosaic

formulas for ritual and sacrificial worship, were architectural and liturgical embodiments of the Passion of the Christ, the Seven Sacraments, and the Roman Catholic Church. He makes a good argument extending over hundreds of pages. Like Dr. Michael L. Brown's five-volume work *Answering Jewish Objections to Jesus: General and Historical Objections*, Vol. 1, and Bishop Bossuet's *The Continuity of Religion*, this book ties together seeming loose ends between the Old and New Testaments. It is of value to anyone interested in increasing his appreciation of Roman Catholicism, the Holy Sacrifice of the Mass, and Old Testament types. While the book per se is a cheaply bound paperback that may fall apart in your hands by the time you've finished reading, the author's explication of his thesis is something you likely will be hard pressed to find so compactly presented elsewhere. See also *Jesus and the Jewish Roots of the Eucharist: Unlocking the Secrets of the Last Supper*, *Jesus & the Shroud of Turin*, and *Mystical City of God*.

This book makes the Jewish roots of the Catholic faith very clear. In fact one sees that the Catholic faith is not a separate religion, but is the fulfillment in Christ of Judaism. All of this according to exact and detailed instructions from God Himself as revealed to Moses.

A great book! Every Catholic should read it! It is completely factual and follows the Bible from Adam and Eve to Christ. We can never stop learning and I am getting copies for many for Christmas. Anyone can read this and enjoy the the information in it. A great read!

My second copy as I lent the first one out

This book truly gives the ancient (not modern) Jewish origin of the authentic Trident Latin Roman Catholic Mass.

Extremely interesting and well researched. Much research on the link between the Catholic Mass and Jewish Temple ritual. very good book.

Very pleased with quality and service. I am still engrossed in this book and its relations. Thank you

This is a unique look into ancient Hebrew liturgies and how they were transformed into the Catholic Mass
