Customer Reviews

Sylvia Woods' harp music books are among the most popular books for harpists at any level. They are playable on lever harps (also called Irish, Celtic, or folk harps) as well as pedal harps (also called concert, grand, or orchestral harps).

I had so much fun working on the arrangements for this book! I grew up with Lennon and McCartney music, and I am happy to present it to harpists to add to their repertoire.

Love

My daughter, 14 years old and playing harp since age 6, found these arrangements a great pleasure if somewhat of a challenge to master. Beatles music sounds surprisingly good on the harp and has the advantage of allowing her to accompany friends in non-classical repertoires.

Sometimes it seems easier to practice tunes more contemporary.....These are well arranged and suitable for high-intermediate (and above) harpers. Nicely done.

Excellent harp arrangements!

Lennon and McCartney for the Harp says it all. If you play the harp and want to play some of the greatest music written in modern times this is the music book for you. The music is arranged for all harps so it is universal to all players.

This volume includes forty-six fun arrangements of familiar Lennon and McCartney tunes. All are arranged for both lever and pedal harp. Some have only a few lever or pedal changes, while others are more involved. Chord symbols, all the words, and a discography are also included. This volume is highly recommended for intermediate to advanced students and professionals alike.
