South Carolina Atlas & Gazetteer (Delorme Atlas & Gazetteer)

Synopsis

Wouldn't it be nice to always have exactly the right kind of map, whatever your needs may be? You will, with the uniquely versatile DeLorme Atlas & Gazetteer Series. These topographic atlases cover individual states with the most comprehensive detail available, including back roads, backwater lakes and streams, boat ramps, forests, wetlands, trailheads, campgrounds, public lands, prime hunting and fishing spots, and countless landmarks and points of interest. You'll also find a wealth of information on everything from family outings to wilderness adventures. The Atlas & Gazetteer is ideal for outdoor recreation, business travel, home or office reference, and countless other uses.

Customer Reviews

I'm a real fan of paper maps and use them extensively. I've happily used DeLorme maps for years without trouble but was irritated (and said possibly bad words) when I turned to the proper page in this map ...and it wasn't there. I counted the page numbers - a whole section of map was completely gone, evidently left out when the map book was bound. We took to the interstate (hard to get lost there) instead of the scenic country route we wanted. Why five stars for a clearly faulty product? They fixed the issue quickly and sent a new map out asap. (I now check my maps before driving to make sure there aren't any enroute surprises.)

Love this map book. This is my third one as my other ones literally fell apart with constant use. My dad turned me onto these books long ago, way before streets/roads were required to have names

b/c of 911 access; back then country roads only had SR#'s-what a nightmare! Now every street/road has a name. Will not leave home on a road trip without it! The topo aspect in the book and names of streams and creeks is priceless. I use it also in tracing local history and genealogical trails.

Nothing like a map in rural South Carolina! GPS is great when it works but a map works all the time. This map was essential for exploring South Carolina and I need more for more states! In one weekend, it had coffee spilled on it, stepped on by dogs and people, folded, shoved in between seats and heavily used and studied.... Looks brand new! Super happy with a silly map purchase :)

Although we use a GPS in our motorhome, we are never without a Delorme Atlas for the states we are going to be driving through. They are great maps to have in addition to GPS systems.

Great price, quick delivery. I buy one of these state maps overtime I visit a state for an extended period of time. They give very detailed information and are helpful in all of our vacations..

I bought this book for myself years ago. It is very useful, especially in rural areas. Recently, my brother, who lives in SC, admired it. I have surprised him with this copy. Paper maps are becoming very hard to find. I'm glad I stock this one.

Have bought several state atlases in the past....Make room to carry when traveling with it.

What you would expect if you have owned any of this series.
