The Power Of Concentration

Synopsis

We accomplish more by concentration than by fitness; the man that is apparently best suited for a place does not always fill it best. It is the man that concentrates on its every possibility that makes an art of both his work and his life. All your real advancement must come from your individual effort. This course of lessons will stimulate and inspire you to achieve success; it will bring you into perfect harmony with the laws of success. It will give you a firmer hold on your duties and responsibilities.

Customer Reviews

Author of the classic The Power of Concentration.

This book really helped me a lot. The exercises provided were very helpful . I strongly recommend !
Huge motivation

Would put it on the high level with James Allen's As A Man Thinketh.

Great book learned a lot. Good read.

A book concise but interesting information. Maybe a little short for my taste. In any case the reader will not be disappointed.

This book is a comprehensive instruction manual for those seeking to master mental concentration. Application of the concentration goes beyond conventional interpretation of concentration.

Excellent audiobook..This is a classic gem for my collection.

Changed my life!! Best book I've ever read thus far and I'm 34 years young. Great delivery. Great hospitality from the seller!

Great Book.
