Customer Reviews

The map is very difficult to read. I find that the dark shade of green used for the base map does not provide enough contrast with the black or red place names and with some of the the roads.

I got this map so I could plan a trip to Myanmar by actually seeing how close or far apart things were. This map is perfect for that!

i think it is very good , Nice and valuable. best service, patient. just fine. For the affordable price, has a fine sharpness and durability to it!
