Alchemy And Kabbalah In The Tarot: The Keys Of Radical Spiritual Transformation

Synopsis

The most ancient sciences in the world are Alchemy and Kabbalah, which are the practical, spiritual knowledge hidden in the depths of every great religion and mystical tradition. Modern scientists are only recently discovering what these ancient teachings have always known: that we are a part of a multidimensional universe, and that our Consciousness, our awareness, can expand to perceive matter and energy that are invisible to the flesh. Just as physics and chemistry illuminate our understanding of the physical world, Alchemy and Kabbalah constitute a scientific method to awaken the Consciousness and fully develop the human being, opening the doors to vast worlds that are hidden from the physical senses. This awakening or alchemical birth requires a precise scientific method, for everything that exists depends upon causes and conditions. Hidden in centuries of mystical texts and obscure drawings are the specific instructions that lead towards the opening of their inner senses and the entrance into a higher life. The Philosopher's Stone, the secret of transmuting lead into gold, and many other sacred mysteries long restricted to initiates who had proven their trustworthiness were publicly revealed for the first time by the author Samael Aun Weor. These mystical sciences are hidden in the twenty-two primary Tarot cards, whose origins and precise meanings have never before now been publicly revealed. Now, see for yourself how these ancient traditions are all truly one science. Discover the keys to unlock the mysteries hidden in scriptures, mystical texts, and enigmatic images, and most importantly the mysteries hidden within us.

Customer Reviews

The name Samael Aun Weor is Hebrew and is pronounced sam-ayel on vay-ohr. Samael Aun Weor wrote over sixty books, gave thousands of lectures, and formed the worldwide Gnostic Movement, whose members number in the millions. And yet, in spite of his wisdom and generosity towards mankind, he said: "Do not follow me. I am just a signpost. Reach your own Self-realization." His lifelong mission was to deliver to humanity the total and exact science to develop the complete human being, that mysterious and ancient wisdom long hidden in the bosom of every great religion.

There are two types of kabbalists: intellectual kabbalists and intuitive kabbalists. The intellectual kabbalists are black magicians, whilst the intuitive kabbalists are white magicians. Many times the sidereal gods answer our questions by showing us a Tarot card; we must intuitively comprehend the answer that is given onto us. Intuitive kabbalists comprehend what destiny held in reserve to them by just seeing any card of the Tarot. Gnostic Kabbalah is the doctrine of practical Christification. We do not theorize here. This is a one hundred percent practical work. Many students long for their Christification but they do not know where to start, because they do not know the clue, the secret. Here we give away the clue, the secret, the key, to every student. Here is the clue, thirsty lovers of the truth: now practice. You are not alone. We love you profoundly, thus when you tread on the path of the razor's edge, you will be internally assisted by the brethren of the temple. In this course we deliver the clue of resurrection. We have torn the veil of the sanctuary. Here you have all the secrets; here are all the clues of Christification. Here is written the doctrine that the Adorable taught in secret to his humble disciples. The Adorable One will remain with us until the end of times. This is his doctrine. Here you have it: study it and practice it.

This is a great book if you want to interpret Tarot cards or numbers. The explanations are advanced and deeply alchemic but accurate. It is best to always meditate on whatever you are trying to interpret.

If you are on this Spiritual Path that lead you to this book, pick it up and read it. Its part of your journey. I found the authors perception of knowledge to be amazing. It will tie up your bits and pieces of your gnosis. Enjoy!!

Any true aspirant will find this a refreshing rejuvenation of ancient knowledge that over the years had become stale and overly intellectualized. In this new age of Aquarius, it's time to tap into a

higher knowledge, intuitive knowledge! Meditate on the teachings in this book and put it into practical use everyday. It will help you.

This guide has helped me, and continues to help me, understand signs and symbols in my life. This is an invaluable resource for my personal work. Samael is frank and blunt, but beautifully poetic.

Wonderful book. Another view of this fascinating subject! I would recomened it

fun to read

While I have moved on from being personally interested in this subject matter, I understand that for others it holds much allure. If you are interested in Kabbalah, this is probably not the book you want unless you are absolutely determined to read everything you can find on the subject, or if you happen to be a fan of the author's books and teachings. The book is contradictory, dense, and far too wordy.

this book is great and it explains a lot of illuminati info and the transfoation you have to to to become one of us.i have been a illuminati mem for 24yrs there is some that claim it and there are us who are real its all about king solomon magic.to any student or person which who is intrested in understanding true self.and the way things really work this the book for you!!
