I absolutely love your cookbooks! The best thing about them is that they have much more than recipes...I find tips on decorating, creative display ideas and extra touches I might not have thought of. That's what I love! I long for that warm, cozy life and that's what Gooseberry Patch is all about...I'm so glad I found you! Tiffany Hansen San Diego, CA Â Â Â Â For my first married Christmas I received one of your cookbooks from my grandmother. I fell in love with the book and

many of the recipes have become part of our family dinners. Now everyone looks forward to dinner at our home...thank you so much for being a part of our family's traditions! Brandi Conklin Spring Hill, TN

This is my favorite cookbook of all time! I always buy it as a wedding gift with a casserole dish! Seriously, every recipe is homey, easy, and yummy!

gave as a gift -

GREAT

I love the Gooseberry Patch Books and after I had taken this one out of my library I really wanted to own my personal copy for future reference, As usual could supply me with a used copy, and as always when it arrived it was in mint condition and was a valuable addition to my own collection of books. I highly recommend this way of owning all the books that you wish for and am sure I will be able to obtain many more books in the future.

Very easy to follow the recipes and they taste great!

Read my post under Cheap & Easy Recipes as all are five star books. The hardest part is that family love them so i tell them to just take their favorite! They love my lil Gooseberry Patch Cookbooks!

Very good casserole cookbook. Most of the casseroles are easy and tasty. Although I have not tried a lot of the recipes, the ones I have tried turned out good.
