Collision Repair And Refinishing: A Foundation Course For Technicians

Synopsis

COLLISION REPAIR AND REFINISHING: A FOUNDATION COURSE FOR TECHNICIANS, 2E covers all the major areas of collision repair and refinishing as outlined by NATEF. In-depth coverage includes structural and non-structural analysis and damage repair, welding, painting and refinishing, paint chemistry, sacrificial coatings for corrosion resistance, mechanical & electrical systems, and more. The logical progression of topics and easy-to-understand writing style are perfect for students with little or no prior exposure to collision repair.

Customer Reviews

Alfred Thomas is an associate professor of collision repair at Pennsylvania College of Technology in Williamsport, Pennsylvania. He is also a contributing editor for "Auto Body Repair News," a monthly collision repair technical journal. Mr. Thomas is an ASE Master Certified Collision Repair and Refinishing Technician and an I-CAR Platinum[®] technician. His educational background includes a Master of Arts degree from Eastern Michigan University, a Bachelor of Science degree from Trevecca Nazarene University, and an Associate of Arts degree from Washtenaw Community College. Michael Jund taught collision repair for many years at Scott Community College, where he also served as department coordinator and dean of applied technologies. He graduated from the University of South Dakota with a Bachelor of Science degree, and he earned a Master of Science degree from Western Illinois University. Mr. Jund is an ASE Master Certified Collision Repair and Refinishing Technician and an I-CAR Platinum[®] technician. He now teaches part-time for

I-CAR and performs aluminum and steel welding qualification training and testing as well. Mr. Jund has also been an evaluation team leader for NATEF.

It is to my understanding the text is used by the students of vehicle repair at the colleges. My husband thought it was a good tool to keep abreast of the changes that have been made over the years, even though he has been an auto body person for many years. For those wanting to refresh or taking a course or writing to receive their certificate it's perfect.

Good thick book, lots of information, I got this book to study for my ase tests.

The book teaches me soo much. It helps with college home work.

very torn up when we received it

I'm currently in class and it worked out very well.

Received the book ahead of time given. My grandson needed this for school and he was ready to go.

Great book, we use it in an Collision and Refinishing school.

Great, received the book in two days.
