A manual for personal and social change, this book is as much written for seekers as for people further along on the spiritual path. For centuries Ignatius of Loyola has inspired a formation of heart and mind unique in the Western tradition. Jesuit Dean Brackley succeeds in giving this proven spiritual discipline of wise decision-making a new dimension for the twenty-first century.

Dean Brackley, S.J. is a Jesuit priest and professor of theology and ethics at the Universidad Centroamericana (UCA) in El Salvador. He received his doctorate from the University of Chicago.

I originally bought this book for a class I was taking in Graduate School and then wound up using it again in another class. Dean Brackley is a wonderful writer -- he is thought provoking, realistic, incredibly inciteful and writes in a humble manner. This book is one that I can refer to often not just in my ministry but life as well. Discernment is something that our society does not seem to embrace these days so I am thankful to have a great resource to draw from. Sadly Brackley passed away some time ago, but I am very thankful his writings and ideas are still able to inspire others.

I purchased this book as a requirement for my Spiritual Direction Class. I enjoyed reading this book and I have learned so much about myself and others around me. This book will be a helpful reference book for my religious library in years to come. I highly recommend this book and look forward to buying more books from this author.

Excellent book. I have made the long retreat twice. He translates Ignatius for our time approaching an interfaith perspective and the secular context of our lives. Clear discussion of rules for discernment. Begins with human experience, sometimes his own, to keep what Ignatius was getting at real, not theoretical. Well written. Leona Sullivan

I was taking a video series and wanted to have the material to advance my knowledge and experience, thank you for having this available.

Have bought this book several times -- I usually end up giving it away to a friend or student!

Would buy again
