TOP 500 Pizza & Pasta Recipes

Synopsis

The Best Collection of Pizza and Pasta Recipes Includes a huge collection divided into different sections and categories for easy access. Great Variety of Recipes Suitable For Everyone, No Previous Experience Needed, Extremely Easy to Follow Directions! A Total of 500 Recipes. Free PDF file with photos available at the end of the book. Pizza and Pasta are often considered to be dishes of great importance. People eat pizza and pasta around the world. Because of the wide variety of pizzas and pastas and the large number of components for their preparation, these amazing dishes can be used for various purposes. For instance, you can eat rich pizza with a high-protein topping as a complete main dish. On the other hand, pizza can be served as a side dish or as an appetizer and even as a light dinner. The same goes for pasta recipes. You can make lasagna for lunch because it is the king of all pasta dishes. You can also make pasta soup to warm you up before main course. Finally, you can prepare quick and easy pasta salad and have a healthful and balanced meal at any time of the day. One of the great advantages of pizza and pasta is that the foods from which they can be made are large in number! From simple store-bought dough to homemade dough, from two-ingredient topping and sauce to more complicated homemade sauces, pizza and pasta can inspire us in many different ways!

Customer Reviews

Pasta and Pizza are some great meals that seem to please practically everyone. Going out to get pizza or prime pasta dishes can be very expensive though especially if you have a big family. Luckily, the combination of the ease of making pasta and pizza in addition to the hundreds of creative recipes compiled in this book mean that you will never be bored with making pizza and pasta in your home again. With recipes to accommodate a variety of different diets, this recipe book can help you to please practically anyone. Many of these recipes are packed with veggies that you sneak into the mouths of picky eaters atop a delicious bed of pasta or pizza crust. One of my favorite foods growing up was my mother's french bread pizza, a quick cheat for nights she didn't have time to make dough. Most of the pizza recipes included in this book I could easily modify to make a french bread pizza version. This book is also great if you are expecting to feed a crowd as pizza and pasta are typically crowd pleasers and generally inexpensive to make. I highly recommend this book if you typically host many parties or events as this will give you hundreds of delicious ideas and your guests will never be bored with the same old thing.

Wow, I had no idea that there could be 500 different, delicious, pasta and pizza recipes out there, but Stewart proved me wrong. After testing some of these recipes, I can honestly say they are scrumptious. This book has earned a place in my kitchen, in order to answer the nagging question "What's for dinner?" These incredible recipes are tasty, easy, and meet any dietary need or want I could dream of! I can finally manage my vegetarian diet, find low-carb recipes for my friends, and my brother-in-law who is experimenting with paleo. Seriously, give these recipes a try, and you'll fall in love

We adore Italian food and spend way too much time and money going out to restaurants to eat it. In the past year, we have started trying to cook some of these recipes at home but didn't really have any good ones - until now. Author Jamie Stewart has put together a pretty awesome collection of pizza and pasta recipes that is super well organized. It's easy to find something delicious to make for dinner and so far we have tried the Mediterranean Pesto Pizza, Baked Farfalle with Chicken, and the Italian-Style Tortellini. There is years worth of Italian goodness here and we've found the recipes to be very well explained, easy to make, and delicious.

I love these recipes! I've been flipping through these recipes since I purchased the book and have already tried several. So far everyone has been delicious and I have my sweetheart asking me to cook more often! This book is now my little secret as far as cooking for the family goes. I recommend this book to anyone seeking a little Italian flair in their life. I look forward to making these for my family each week! These really are the best recipes around!

Wow. I didn't realize pizza and pasta could have so many options and all be so appealing. Yum! I am a huge pizza lover and haven't always been sold on pasta, but this book may change that! I am so excited to put some of these recipes to the test and will update once I do. After reading through it though, I can say this... I'm ready to eat! Great meal ideas for guests and romantic evenings too. Really awesome cookbook with TONS of recipes. So much! You'll love it!

great recipes a lovely book

I have a family that loves pasta and pizza. So I purchased this book to see if I could get any good idea that were different and tasty. Top 500 Pizza & Pasta Recipes gave me both new ideas, tasty meals, and a reference guide. Even though the book is about pizza and pasta it gives you some health ideas. I would recommend this book to anyone that is looking for your reference guide and a great book overall.

This is really great!, I have a huge collection of recipes to choose from, I don't know where to begin!. I will try many of them until I find the perfect one!. I recommend this cookbook because the recipes are clear and easy to follow.
