Eric Hill (www.funwithspot.com) left school when he was 15 and took up cartooning while working as a messenger at an art studio. He created *Where's Spot?* as a bedtime story for his two-year old son. It was published four years later, and the rest is history. Eric Hill passed away in July 2014.

Very small and it's not a "lift the flap" book. I expected that since it's a Spot book, and also, I felt like the picture on the front cover was a "flap" (the yellow coloring in the upper right hand corner?). Now, looking at all the Spot books, I realize this one didn't have the "lift the flap" star on the cover. Will definitely look for that in the future.

My eleven month old grandson loves this book. I bought this for him when he was younger. If you let him, this book would be read fifteen or more times a day. I have to put it away to get a break from

it.It's really a joy to see and hear how much this book makes him happy. The book is simple and has large pictures and writings for easy viewing and reading. Also, it is a good size book for your little one to hold.

In the search for more "Spot" books, I came across this one, and thought it'd be a nice little book to read to my toddler before bed. "Little" is right! This book fits in (practically) the palm of my hand, and the story is the same as all "night-night" books; play the day away, take a bath, pick a book, go to sleep. I guess I thought it'd be a lift-the-flap book (but that's my fault for not reading the product description correctly). It's okay...it hasn't gotten rave reviews from my dog-loving bookworm of a toddler either.

This is a very small book, but my 22 month old loves it. It's just the right size for her to handle. She loves the story line to. It's really cute. We love all Spot books really.

We love Spot!

very small/thin book

This is not a lift the flap book like "Where's Spot?". "Where's Spot?" is one of my kids favorites. This book is not necessarily bad, just not what I was expecting. I also did not find the story or art work very original or exciting.

We love all of the Spot books!
