Big Book Of Crochet Afghans: 26 Afghans For Year-Round Stitching (Annie's Crochet)

Synopsis

Adding a touch of comfort and style to a crafter's home decor, the patterns in this collection can be made from a variety of yarns and colors and by crocheters of all skill levels. With 26 designs, this book features full-color photographs and detailed instructions on stitching and incorporating motifs and patterns such as granny squares, Tunisian lace, pineapples, shells, ripples, and more. Beautiful, whimsical, and practical, these afghans make perfect gifts and home accents.

Customer Reviews

Connie Ellison oversees crochet-pattern leaflets and books for DRG Publishing. She is the author of 50 Stitches for Afghans, Afghan Calendar 2012, and Shaped Afghans. She lives in Big Sandy, Texas.

This is one of the better pattern books I've ever seen! I'm self-taught in crochet, and this book has not only the text pattern, but also illustrations right alongside the patterns for special stitches that are needed. It does have a couple patterns that are Tunisian-type (I think) patterns that have me curious about that style of crochet now :) The patterns are gorgeous too!

This book has the most patterns that I will actually make, compared to other books I have that are unrealistic for my skills. They are beautiful and unique patterns, and I would recommend this book to others who like to make afghans.

Two friends are getting married next year. Found a pattern that fits each of their personalities to make as gifts

Enjoy ripple afghans, this book has a wide variety of ripple styles and is a good source for crochet.

The book is full of beautiful designs for any one who loves to Crochet. It can be the perfect gift, or a valuable addition to a reference collection. This book is well written and illustrated

Good book with large colour photos of the Afghans. Very impressed that each Afghan pattern was rated from easy to intermediate and degrees of each.

I am always looking for new patterns, so I liked this book very well

This will be my go-to book when asking friends which one they want me to make. The styles are numerous, varied and easy to understand instructions.
