Vegetarians and meat lovers alike, all will love these Thai recipes as it is so versatile. All recipes in this book are step by step with beautiful photographs. Definitely recommended

Last week I went to the thai restaurant and tried thai cuisine for the first time. I loved it and wanted to cook something similar. So, when I saw this book I decided to grab it. And it was really good idea. In this book you will find only 25 recipes, but they are very tasty and also simple to cook. Written good,

highly recommend!

I have been infatuated by the Thai cuisine for quite some time now and I have been thinking about trying to cook it at home. I finally tried it with the help of this book and boy did it work wonders. The book has some solid recipes with Thai Mango rice being my favorite so far. I look forward to trying more recipes from the book.

I love thai cuisine and always wanted to try it. However it seemed to me too complicated. I am not much of a cook but I managed to cope with the recipes in this book and they were tasty. Great read especially for beginners.

A nice little recipe book on thai food. The dishes in here taste great and are easy to make thanks to clear instructions. Hope there are more volumes to this kind of recipe. Thanks and nice job.
