Customer Reviews

I believe that the Bible has the answer to every life issue that we face today. Jim Garlow does an absolute excellent job in connecting specific passages of the Bible to what is happening in our world today. I recommend this book to all who want to become totally informed, especially minister and other leaders of all churches everyone.

down to earth.. understandable for the layperson.. clear cut answers to todays pressing questions.. written clearly and precise for people who have definite conservative beliefs but don't always know how to express it to others.. a real guide to help make your beliefs stronger .. gets people out of the gray areas of life and puts them on the right side of the fence on issues that we are confronted with every day. ...

This is a much needed book. Christians need to better articulate their biblical positions on the issues of today and this book is a tremendous help.

This is an excellent view point for what our culture is facing today. Please read it and buy copies for your family and friends!

Simplistic. Author sets up the weakest of strawmen, then destroys them with a certain smugness. Insulting to my Christian beliefs. I would not recommend this book to anyone who wants to engage in a serious or thought-provoking search for "Biblical answers to today's tough issues."

Great book. Gives on topic verses for the world today. I recommend it to anyone who cares where this country is headed and who wants it to be some "right" direction.

Great book on biblical truth! Now I am ordering it in audio form so I can listen to the truths of the bible and be prepared to share them with others! One of the best books ever purchased.

What an informative book! I needed those real biblical answers to so many of the issues facing our country today. I bought the audio version as well as 5 more books to pass on to friends. We need this now more than ever! James Garlow is a very well educated and devoted follower of Christ. Because of his knowledge of biblical and world history, he is able to translate the sometimes difficult to understand issues, in to a language we can all get. Thank you Jim for the insight and your heart for this country.
