Customer Reviews

It's a bargain! Look at all the music you get for a relatively low price - over 200 pages of some of the greatest piano music ever written! The notes are very clear and the music is easy to read. It is not recommended for beginners but should be accessible for intermediate students and above. Highly recommended.

I am very content with the fingeren in this volumet , and the quality of the paper .

This is an excellent thing to use if you are looking for magnificent pieces to play! Everything is spaced nicely, and is very neat, very fine quality. I would recommend this to almost any musician, because it has such a wide variety of pieces to play, but I would recommend this to slightly to more advanced musicians. I truly enjoy opening this book at my piano and just playing the songs!

Like the music, the book is simple yet complex. The fingering is a perfect guide for intermediate to advanced students.

Perfect.

Item as described - fast shipping - thanks!

What can I say it's Chopin
