I bought this mainly for the slow cooker recipes, but thought I could use the other recipes as well and make some adaptations. Well, I'm not American but Taste of Home is famous enough and its books always have good reviews, so I was a bit disappointed to find that most recipes I would like to try have ingredients such as frozen meatballs, biscuit/ baking mix, condensed cream of X soup, and all kinds of store bought sauces. I mean, it's okay to use instant ingredients once in a while to put a meal together and it's not like all recipes are like that, but in my country this is not called 'cooking'... There's a large number of recipes though, hopefully I will be able to try something out.

Good cookbook, coming from someone that hates to cook. Lots of recipes even I can use, I'm challenged in the kitchen! Good variety.

I bought this as a Christmas gift for my son and his wife. I flipped through it and thought it had some great recipes so I'm sure they are enjoying it. Definitely worth the purchase.

Very nice!! Happy with everything!! Thank you

This was a gift for someone just starting to cook. While looking thru it Christmas morning she said she already found several recipes she wants to try.

Yum....so far everything has been good. I've made about 5 or 6 of these recipes and all are worth repeating!

Great cookbook, as usual for Taste of Home. Gave this as a Christmas gift and my sister was very pleased!

This was one of my son's Christmas presents. He absolutely loves it and refers to it all the time.
