Understanding Catholic Christianity: (Student Text)

Synopsis

As young teens begin to understand the rich heritage of Catholicism, they need a text that engages them at their stage of life. The one- or two-semester course Understanding Catholic Christianity offers a comprehensive overview of Catholicism for ninth graders that gives these teens a foundation in their religion. Through engaging stories, writings by teens, and inspiring original artwork, the material in this course comes alive for students. This extensively revised edition of Understanding Catholic Christianity was developed using the Catechism of the Catholic Church, and covers topics that include faith, the adolescent, the Jewish roots of Catholic Christianity, Jesus Christ's life, ministry, death, and Resurrection, the sacraments and the liturgical year, and spirituality and prayer. Awards: Understanding Catholic Christianity was awarded second place in the category of Educational Books by the Catholic Press Association in 1997. It also won the 1997 Certificate of Merit for the Premier Print Award from the Printing Industries of America. Chosen from thousands of entries, the Premier Print Award goes to those firms who demonstrate a unique ability to create visual masterpieces.

My daughter needed this book for her religion class. She says the book has been helpful.

This is a require text book for my son's school. Not much I know about it but it's been the text book used at my son's school for quite sometime.

was good for me.

Great condition.

Good

bought this for a siblings course requirement. does what it needs too. this was a good purchase at a reasonable price.

The cover looks used and is taped at the bind but still looks good. The inside looks very good, no writing on pages.

When I was in my ninth grade year we were required to read this book. Reading it helped me to understand more about my Catholic faith. It helped me through my early teenage years and the start of a new school by presenting stories and quotes from other people. I highly recommend that you buy/ read this book!
