For a young person running her first bridal shower (and never having been a bridesmaid before), the

author did a great job of not assuming that you knew little details that should get done. Good basic ideas on food, games, timing, etc, plus some creative bits we hadn't thought of. Definitely would recommend if you've never run a shower before.

My sister in law asked me to be her maid of honor at the wedding so I started to look for a book on how to do the most awesome bridal shower. I discovered this book on a whim and ordered it and another book. I started on this one and couldn't put it down. Suddenly I realized that if I wanted the ultimate bridal shower this was the book. It is accurately named and everything is in a easy read and follow do list. I really enjoyed this book and am now planning the most awesome Bridal shower ever!

loved his book when I was planning my best friend's bridal shower. it had so many cute ideas about many different aspects.

This book is an easy read and it really offers many ideas for differnt styles and budgets. It also has personal statements providing tips from other brides. It was very well done. It has a good mix of old and new.

I decided to purchase this book because I was in charge of doing a bridal shower - it would be my first time. The book was very useful and had a lot of information that I used, but added my own twist. In the end, I was given compliments on a Bridal Shower well done. The book was very helpful and I was glad to have purchased it.

I knew nothing... Really!!!! Never been to a shower - much less thrown a shower... and I got the most INCREDIBLE ideas from this book. It's diverse in the MULTITUDE ideas and extremely well laid-out. This allows you to pick-and-choose from the vast amount of info - to soot your and (especially) your BRIDE-TO-BE's taste's. Oh my gosh.. there are even quotes on what has happened to people before - so you won't be re-inventing the wheel ! Just awesome..

This book is full wonderful games and surprises---just for me :-)Thanks !!

This book is great for me, because I know absolutely nothing about throwing a bridal shower. I'm the maid of honor, and I had a huge question mark on how I was going to go about the shower. Thanks

to this book, I have a much better idea of how to plan the entire thing. It's really well written and has enough ideas to choose from without being thoroughly overwhelming.
