Dog Shaming 2018 Day-to-Day Calendar

Synopsis

Dogs are faithful friends and trusted companions, sources of unconditional love and loyalty, right? Sure, that's true. But that doesn't mean they aren't also, on occasion, sources of frustration and dismay. From Pascale Lemire's blog that started it all comes another year's worth of funny photos that show the less-than-ideal side of life with dogs. The Dog Shaming 2018 Day-to-Day Calendar features an all-new selection of full-color photos from the site's funniest and cutest pups. Dog lovers will be able to relate to the crazy antics and appreciate the dogs' endearing expressions that make it so hard to hold anything against them for long.

It's a cute book that I'm gifting to my Mom for Christmas. I flipped through, and though I've seen a few 'dog shaming' pics online, I haven't frequented the site by any means. The photos of the dogs are darling - I love the expressions on their face. The reason for the 3 stars is that some of the 'shaming' was really repetitive. We get it - lots of dogs eat poop!

I was disappointed in the calendar. I love dog calendars, but the pictures and signs aren't that funny. There isn't anything wrong with the CALENDAR. The pages were attached and it is everything the marketplace promised. My rating is simply because I don't find it funny or amusing and those are subjective opinions.

I got this for my boss. I get him a desk calendar every year. He loves his dogs so I thought this one would be fun for him. He was really happy to receive it and said he couldn't wait until the new year started so he could get a few laughs. I got him an Urban Dictionary desk calendar last year and that didn't work out very well - we had to check it every day to make sure it was politically correct enough for the office! He was worried that HR would call him out! So hopefully, he won't have that issue with this one. We'll see!

Best source of laughter for me and all my coworkers. We pass around the calendar for all to review. Brightens our day. I do wish the pictures were larger and the calendar number smaller.

Got this as a gift for my Grandma and she loved it! She liked that fact that it's a daily calendar, because people don't really use them anymore. And she liked that it a different cute dog for each day. She loves dogs!

This is my second year of buying the Dog Shaming day-to-day calendar. Every once in a while there is a really over-the-top gross one, but most days it makes me start my day with a smile.

I bought this calendar for my mom for Christmas because she loves dogs and dog shaming pictures. I got it more for the aspect of brightening her day rather than the actual use of a calendar. If you write a lot of things on your calendars then a standard calendar works better because you can keep track of things easier. There are so many cute pictures in this calendar though and she loves seeing the new one for each day.

Another loved calender.... although I personally enjoy the wall one better, this was a gift that was appreciated
