The Roundabout

Synopsis

Megan Phenix - bar and grill owner in gay-friendly Eureka Springs - is labeled as "playing hard to get" and finds herself the object of much unwanted attention. If only she were seeing someone...maybe the women would leave her in peace. Leah Rollins thinks 50 is too young to retire, so instead she opens a store in the touristy shopping district of Eureka Springs, next to the popular Phenix Grill. She soon learns that Megan Phenix is a bit on the grumpy side as they spar over parking spaces and anything else they can find to argue about. When Leah catches the attention of the multitude of single lesbians in town, she searches for a way out. Could the grumpy grill owner next door be the answer to her problems? Megan and Leah strike an unlikely alliance and conspire to rid themselves of the unwanted attention by fake dating. Can they pull it off? As they pretend to date and convince everyone in town that they really are a couple, the pretense becomes harder to hold on to. But there's just one problem...they don't really like each other. Or do they?

Best Sellers Rank: #10 in Books > Gay & Lesbian > Literature & Fiction > Fiction > Lesbian
#11 in Books > Gay & Lesbian > Literature & Fiction > Fiction > Romance > Lesbian #87
in Books > Audible Audiobooks > Romance

Customer Reviews

I have read all Gerri Hill's books and honestly this one is just plain bad. I couldn't wait to finish it and usually I savor them. The main characters and any possible romance there is so unbelievable. A very easy read that gets worse as it drags on. It's lacking in so many areas. The characters are undeveloped as is the storyline. My advice is skip it. I hope Sawmill Springs is better, it's already sitting on my nightstand.

I loved this book. As I do all of Gerri hills work. it's sweet and made me want to visit this little town.

This was an easy, fun read, but it wasn't captivating like a lot of Gerri Hill's other books. It all seemed too easy, at least for Leah. Megan spent the whole book freaking out while Leah was just like 'Whatever'. Maybe that's just the age difference coming into play.

What marvelous characters and such a captivating story. Just hang on and go for the wonderful ride this story takes you on. Gerri is a great artist and a marvelous story teller.

I was a little scared to buy this book cause some of the reviews were a little shaky. I took a chance and really enjoyed this sweet story. A great gerri hill book. Sequel please

Its a fun read. Predictive and not new but still the treatment and characters are good. Kept me engaged till the end

I typically really enjoy books by this Author, but this one doesn't live up to Hill's standards. The characters are incredible immature for women ranging from 39-65 years old. This book contains every single lesbian stereotype out there and even goes so far marginalized and encourage stalking of another person. Bad, just plain tasteless... I would not think this book was written by a LGBTQ ally...

Certainly not as good as Gerri Hill at her best, but also not as bad as the worst reviews here.
