Intimacy With Impotence: The Couple's Guide To Better Sex After Prostate Disease

Synopsis

Erectile dysfunction is a frequent consequence of prostate cancer and other prostate disease treatments. Though unwelcome and embarrassing, it doesn't have to end a couple's sex life. Both informative and practical, *Intimacy with Impotence* gives couples cause for hope. It discusses impotence in lay terms, provides information on the commercial therapies and medications both available and being researched now, and gives practical advice about lovemaking-from getting in the mood to commonsense suggestions to erection-less satisfaction. Written with complete honesty and compassion by a prostate cancer survivor and his wife, this is the essential resource for couples trying to reestablish intimacy and sex in the face of impotence.

If you have suffered the effects of prostate cancer treatment and desire to regain the intimacy you once enjoyed with your wife or partner, this is a must read. I thought the intimacy in our relationship

was gone forever, but with the help of this book and a patient and understanding partner, our love life is better than ever before. I know that is hard to believe, but it is true.

love this book!

It is a well written book and a must for those who have received treatment for prostate cancer. It cover subjects that most doctors are reluctant, or don't have the time, to cover.

This is a wise, practical book that deals with the paradym shift that happens after protate surgery. It is excellent reading for both partners and an important next step to relationship building. The physical theripist recommended this book and she was 'right on'.

This book is a thorough, informative, objective compilation of information useful to all couples who face the problems incurred after radical prostate surgery.

Great book, got it quick and easy with , Thanks

Addresses all aspects of a relationship. I would suggest it to everyone not just those with impotence in their relationship.

Some valuable information, and even encouragement, for those struggling with this issue. Definitely worth putting on your reading list.
