Love Grammar Girl. I listen to all her podcasts. I love to hear the misconceptions and mistakes in everyday speech and have the knowledge of how to solve those grammar problems. Usually, they are simple errors that are made daily. It would seem they would run out, but the errors seem limitless. That's where Grammar Girl comes in and has a job for the rest of her life. This book is a great example. I like to have a physical book on hand so I can look at it and take it in occasionally. I'm a sucker for a real, physical book and reading it every now and then to remind myself of what I've learned. The book is very valuable to me. I recommend her podcast, Grammar Girl, and any of her books to keep on hand to stay well informed. The book was shipped well and I got it in pristine condition. I got it quickly, too. Highly recommended seller.

I love Grammar Girl and am happy to have this book.

Mignon Fogarty is always a fun read (and a wealth of knowledge re: grammar - check out Grammar Girl online!), and I enjoyed this book as well. NOTE: This product was a personal purchase for myself at the normal retail price. I'm reviewing it solely because I want to share my experience with other potential customers. I have received no compensation for my review, nor do I have any relationship with the seller or manufacturer of this product.

Great book

Sorry but their vocab choices are not for the average Joe. I work in a professional environment and was looking to augment my vocabulary with this book. Some of their word choices are not what you typically hear in everyday speech - regardless of profession you're in. Not for practical use.

The book is filled with excellent words that you can use every day and most of them you just have to reacquaint yourself with. Good to have around...I have mine as a favorite on my Kindle Fire.

I really liked reading these books; I ended up buying all of them to help me with school. I think the only thing I highly dislike about all of them is that she uses "quick and dirty tips" phrase throughout her books. It gets old real fast. Otherwise, they're an easy read and very informative.

This is one of the BEST purchases Mignon is AMAZING!!!! Everyone should get a copy
