# The Fourteen Infallibles: A Compilation Of Speeches And Lectures

## **Synopsis**

In Imamiyya theological circles the members of the household of the Holy Prophet (s) are referred to as the fourteen infallibles. Namely, the Prophet (s) himself, his daughter Fatima (as), his son-in-law Ali (as), then his grandsons Hassan (as) and Hussein (as) and the nine descendants from Hussein (as): Ali ibn Hussein (as), Muhammad ibn Ali (as), Ja'far ibn Muhammad (as), Musa ibn Ja'far (as), Ali ibn Musa (as), Muhammad ibn Ali (as), Ali ibn Muhammad (as), Hassan ibn Ali (as) and the Messiah known as al-Mahdi (ajfs).Â About the Author:Â Dr. Sayed Ammar Nakshawani is regarded as one of the most powerful speakers in the Muslim world. He was born in 1981 and graduated from the University College, London, as well as the London School of Economics. He was then awarded with an MA in Islamic Studies from Shahid Beheshti University in Iran.Â Dr. Nakshawani completed his PhD thesis at the University of Exeter. He has lectured at the university in Classical Islamic History and then pursued further studies at the Islamic Seminary in Damascus, Syria. Currently he is a visiting scholar at the Centre of Islamic Studies, University of Cambridge.Â He has written three books - Ramadan Sermons, The Fourteen Infallibles and Hujr b Adi: A Victim of Terror. His fourth book, in the French language, was released in August 2013 with a Foreword by Prof Tariq Ramadan on Islam and France today.

The Holy Prophet of Islam occupies a prominent position within the religion of Islam and is revered as the greatest personality within the religion. He is a man whose life has to be examined in depth for there are many lessons to be learnt and indeed many examples to be derived. And he is indeed a man whose biography has been unfortunately very much undervalued and indeed very much

underestimated. Therefore it is vital that we discuss his biography from the day that he was born until the day he died in order that we are able to, firstly, take as many practical lessons from his life and apply them in our own lives; and secondly, remove any misconceptions that surround his biography, for there was a period in Medieval Europe when he was seen as being the devil incarnate or as being the false Messiah, the Antichrist. Therefore, there is a need for us to examine his biography so that we present him in his true light - as a mercy for mankind and a moral exemplar for everyone.

Every time I listen to lectures delivered by Sayed Ammar I think to myself, there should be a written version of these amazing pieces of information so I can refer back to them whenever I need them. And here it is! Obviously if Sayed Ammar were to read this review, he will most probably bring an annoyed expression on his face and say "you would have all of this information if you the 'Shia' would care enough to read your own books!" :) Well that's exactly what I've started to do since a year now - I'm trying to read enough (credible) pieces of literature by various authors and reflect upon them, so that I do not die as an ignorant Shia. This book is a great resource for understanding the backgrounds and importance of each Infallible. The book provides a brief history about their birth, growing up with their family, circumstances under which they grew up, their time of Imamate, their Imamate style, and finally how they died. After reading this book young people will realize how ignorant they've been towards their Imams. We just talk about Imam Ali b. Abi Talib (as) and Imam Hussain b. Ali (as) and how Imam Ali b. Hussein (as) cried after Karbala and that's it. We need to gain more knowledge about ALL of our Imams and let their knowledge and character be a guiding light in our lives. It is so sad to learn that so many of our Imams were ill-treated and yet they gave everything they had to Islam. So now when I go for their Ziyarah soon Insha'Allah - I won't just stand

at their graves dumb struck not knowing what to think, I'll know what sacrifices they made for Allah (swt) and Islam. I have been following Sayed Ammar's lectures for a few years now, I think each of his lecture should be compiled and printed because they are very worthy of it and provide great credible references. I intend to purchase another one of his compiled speeches known asÂ Ramadan Sermons: A Compilation of Speeches and LecturesÂ soon Insha'Allah. Right after I finish readingÂ Peshawar Nights: Shia Islam in Sunni TraditionsÂ by Sultanul Wa'izin Shirazi, which I'm currently hooked to. Thank you Sayed Ammar Nakshawani! Please continue your marvellous work - may Allah (swt) bless you, your family and your future generations!

Excellent

Great dissection of the biographies of The Fourteen Infallibles. There are many nourishing lessons and values we can learn and apply to our lives to better ourselves. Inshallah you give yourself the opportunity to read this great work or at least see the youtube videos of the series of the infallibles by the same author of this book.

This is a very easy read, if anyone wants to learn about the 14 Infallibles. Dr. Nakshawani goes into depth about who they were and how they contributed to Islam.

This is an excellent book. This book is a great introduction to the lives of the Fourteen Infallibles. I will recommend this book to all my friends.

A deep analysis of the lives of the 14 Infallibles that can't be found in English anywhere else. I highly recommend this book to all who want to learn about the lives of the AhlulBayt (AS) from all sources

I highly recommend this book which gives a lot of lessons from the life of Ahlul-Bayt (AS). These lessons are still applicable until today. Thank you Dr. Sayed Ammar for this reference.

Fascinating read, even if only from a historical standpoint. Many timeless lessons to be learned from the actions of the Infallibles, that can be applied to our everyday lives even in today's times.
